*PL memo attached*

Doug-

Per our conversation.

25X1A

Ask Charlie to visit with [REDACTED] in Commo to determine how and if the substance of the attachment will influence our current site planning.

25X1A

[REDACTED] told me he didn't think it would -- however, he suggested that ADPS people get to know [REDACTED] and remain in close touch with him on such matters.

25X1A

Please feedback results of any talks.

*per*

25X1A

P.S. [REDACTED] also asked me if I knew anything about "data phone" requirements from our computer center to DD/R - I told him I did not. Are you aware of this?

I suspect that DD/R interest  
in "data phone" ~~are~~ is to  
transmit <sup>end products</sup> results from the   
to DD/R offices. DD/R  
considered but turned down
